**What can I do
today?**

This week it is...socks

Friday – Feely bag

- You could use a sock as a feely bag.
- Find a big sock. Put the object in while the other person is not looking.
- Can they guess what the object is by feeling the sock on the outside?
- When they have felt the object through the sock ask them to put their hand in the sock. Do they still think it is the object they guessed?
- How does the object feel different? What words would you use to describe it? Hard / soft, cold/warm, prickly.... sharp.... etc....
