**What can I do
today?**

This week it is... paper

Monday

Flap the fish!

- Cut out some fish shapes from paper –any scrap paper will do. Draw on any decoration you'd like to – scales, eyes, and stripes of different colours but don't stick anything on.
- This game works best on hard surfaces.
- Stand behind your fish and use a magazine or piece of card to flap to create a draft to propel your paper fish forward.
- Turn it into a race – who can flap the fish to the finish line first!
- Do bigger fish or smaller fish go faster?
