

Cumbria County Council

What can I do this week?

This week it is...Christmas

Saturday – angels

- You will need:
 - a paper cup
 - something to make the wings – this could be a paper cake case or white card or material
 - something to make the hair – this could be cotton wool or feathers or you could draw the hair
 - pens to draw the face and hands
 - something to make a halo – this could be coloured paper, card or a pipe cleaner
 - Glue or sticky tape to fix the wings and face on.
- You could show your child the picture above and let them have a go at making the angel by themselves.
- You could make one together with them following you.
- You could give them the materials and see what they make. It does not have to look like the angle in the picture. The most important thing is that your child is proud of it.
