Early Years Team

**What can I do
today?**

This week it is... Ice

Saturday

Ice-cream factory

You will need

- Paper for cone shapes
- Cotton wool
- Sequins/bits of coloured paper
- Put some cotton wool balls into a box/container.
- You could use different coloured cotton wool balls to represent the different flavoured ice-cream.
- Make some cone shapes from cone coloured paper.
- You can use a real ice-cream scooper if you have one.
- Cut up tiny bits of coloured paper for the sprinkles or use sequins if you have some.
- Why not write some signs for your ice cream factory. e.g. flavours of ice-cream, prices, open / closed sign....
- What unique flavoured ice cream names can you create?
