

# Welcome to the Thrive at Work Accreditation

The programme is underpinned by 5 Themes

The Foundation level consists of a 5 step approach, giving you a comprehensive understanding of your current position and supports you to action plan in the right direction and demonstrate commitment to improvement

Focuses on how to provide awareness and information to support employees to make healthier choices and continue the journey of organisational wellbeing in tandem

Understanding employees health Needs and demonstrating action to meet those needs

Focuses on your business becoming experts in managing employee health and wellbeing and developing strategies for success. Greater emphasis on monitor and measure for sustainable improvement.
