

# LEARNING PROGRAMMES FOR SECONDARY SCHOOLS AND POST-16

**“We had an excellent day... incredibly thought provoking and well organised. Our students were encouraged to reflect on events not only during the Holocaust itself but how it links to current events and lessons we should learn and apply in our own lives.”** *Secondary teacher, Nottingham*

We ask the big questions facing your students: why does hatred persist? How should we treat others? How do we think for ourselves? In a world of online hate and conspiracy theories, now more than ever we need to learn the lessons of the Holocaust.

We can deliver our programmes to any school in the UK: you can visit our beautiful museum in Nottinghamshire; we can come to your school; or your students can learn with us online.

Our secondary school programmes are based on our Holocaust Exhibition. Students learn about the Holocaust and why it happened through objects, survivor testimony and educator-led workshops.

Your students will think critically about individual and societal responsibility as well as considering modern challenges such as online hatred and conspiracy theories. You can also choose optional extra workshops for GCSE students that are based on the requirements of the English Language, History and Religious Studies specifications.

### **AIMS**

- To develop historical knowledge.
- To link the lessons of the Holocaust to the challenges of the present day.
- To encourage critical thinking.

### **CURRICULUM LINKS**

- KS3/KS4/KS5 English
- KS3/KS4/KS5 History
- KS3/KS4/KS5 Religious Studies
- KS3/KS4 PSHE and Citizenship

### **OFSTED**

- Personal Development
- Spiritual, moral, social and cultural development

### **OUR EDUCATORS**

- All former teachers.
- Experienced Holocaust educators trained to Masters-level and beyond.

### **OUR PROGRAMMES INCLUDE:**

- Introductory recorded lesson to use in school and videos for teachers and parents to explain the programme.
- Visit to the Holocaust Exhibition led by an educator or virtual tour for online and in-school programmes.
- Opportunities to listen to live survivor testimony and learn about museum artefacts.
- Post-session recorded lessons and access to interactive survivor testimony through our Forever Project.
- Optional workshops for GCSE students that are based on the requirements of the English Language, History and Religious Studies specifications.
- A Level History programme.

The National Holocaust Museum is able to deliver to secondary schools across the country every day.

We offer survivor testimony, a programme delivered by professional educators, and a creative museum experience which is unique in the UK for your students.

**“Of all the Holocaust museums I have visited around the world, this is the only place I leave feeling uplifted.”**

*Eva Schloss MBE, Auschwitz survivor.*
