

# Primary Summer Conferences

*Keynote by Katie Luxton, author of the EEF report into Improving Primary Science*

**'What does the evidence say on approaches to teaching primary science?'**

"Unpack the Improving Primary Science Guidance Report: hear insights from co-author Katie Luxton, who will shine a spotlight on the key recommendations from the guidance, distil its most important parts, and advise on key takeaways to support your science teaching. This is an opportunity to secure your knowledge of the guidance as an inter-related whole, and an important backdrop to your recommendation-specific sessions later on."

**Running across the Central Midlands in three locations:**

- 14th June– University of Worcester
- 17th June– Make UK Tech Hub, Birmingham
- 8th July– President Kennedy Academy, Coventry

**\* £84 TEACHER RELEASE PAYMENT AVAILABLE**

Worcester

Birmingham

Coventry

With workshops linked to the EEF Improving Primary Science report, including:

'Why and how to increase your children's science capital', 'A Whistle-stop Tour of Working Scientifically', 'Primary Vocabulary', 'The Power of Assessment', 'Futures Teaching Alliance Robot Wars Programme', 'Making Science Discussions Engaging, Purposeful. and Inclusive', 'The Power of Practicals', 'Science and data logging', 'Introduction to working scientifically', 'EEF Improving Primary Science Recommendation 6: One school's approach'
