An Introduction to Childhood Adversity and Trauma Informed Practice

The Violence Reduction Partnership are offering a 3-hour course online CPD accredited course for all school staff and professionals. This course offers something for those who are new to Childhood Adversity as a concept and those with some existing prior knowledge.

It is aimed at both those who work with children and young people and those who work regularly with adults.

This introductory module has been developed in partnership between the West Midlands Violence Reduction Partnership and Barnardo's.

The training has the following aims:

1. To develop understanding of the concepts behind the potential impact of childhood adversity and trauma across the life course
2. To understand how to recognise the signs of trauma in behaviour.
3. To recognise and understand the potential impact of working with trauma, including concepts such as vicarious trauma
4. To gain a basic understanding into how an organisation can begin a journey towards a trauma-informed organisational culture.
