

We are excited to announce and invite you to attend an Early Help Workshop specifically for practitioners working in primary schools. This is in response to requests made by Head teachers and as part of our ongoing commitment to support schools in undertaking the roles and responsibilities to deliver early help to children, young people and their families as described in Keeping Children safe in Education and Working Together, 2023.

The workshop will be a fantastic opportunity to come together with your colleagues from across the city's primary school settings to discuss early help, to share good practice and to take away useful guidance on how you can continue to support children and families who may need early help support. The workshop will be provide practical examples of how to have crucial conversations with families, engage them in the offer of help, as well as how to complete an early help request, start an early help assessment and/or contribute to the team around the family.

Wednesday 19th June 12:30 to 3:30

Place: The Methodist Central Hall Warwick Ln, Coventry CV1 2HA
