**CWPT Children's Bladder and Bowel Team invite all staff working to support children in universal services from our partner organisations to attend.**

By the end of the session delegates should have a greater awareness of bladder and bowel health in children and teenagers and how to promote this. They should also have an awareness of common bladder and bowel conditions and causes of difficulties, including with toilet training and have basic skills to know how to have conversations children, teenagers and their families and what to recommend to support them. They will also be aware of some of the resources that are available.
