

Joanna Pellereau, Warwick University

'Connecting with your subject specialism'

Wednesday 21st May 2025

3:30pm – 4:45pm

In person at Finham Park

Suitable for:
Secondary

SCIENCE PEDAGOGY: OVERCOMING MATHS ANXIETY IN SCIENCE LESSONS

Joanna is an experienced secondary school science teacher with more than eight years as a head of department and STEM co-ordinator. She now works for the National Institute of Teaching and Education (@NITE_org) as a university lead mentor. She has also written for Oxford University Press and is currently studying for her PhD in education.

Joanna has interests in teacher CPD and well-being. She is a Fellow of the Chartered College of Teaching (FCCT) and a Chartered Science Teacher (CSciTeach). She sits on the Education Group, Research Group and Regional Committee for the Association for Science Education which looks at strategic development and responses to the national education agenda for science.

Jo is also an avid blogger and her articles can be found here: <https://physicsjo.science.blog/>

Jo Pellereau (PGCE Secondary Science (Physics) Lead at the University of Warwick) will lead a session on maths anxiety and discuss some strategies for helping support students with their confidence in maths. Please do bring along any ideas which you have found useful, if you'd like to share.

**FREE TO ATTEND
ALL SCHOOLS WELCOME**
