

# Share Your Views on Safety & Harassment on Public Transport

## For Young People aged 11 to 18 (all genders)

£20 Love2shop voucher as a Thank You

We invite you to take part in a study about harassment on buses, trains, and trams. We want to understand your views on how common this is and what young people know about responding to it.

Your input will help improve educational campaigns to better support young people in staying safe.

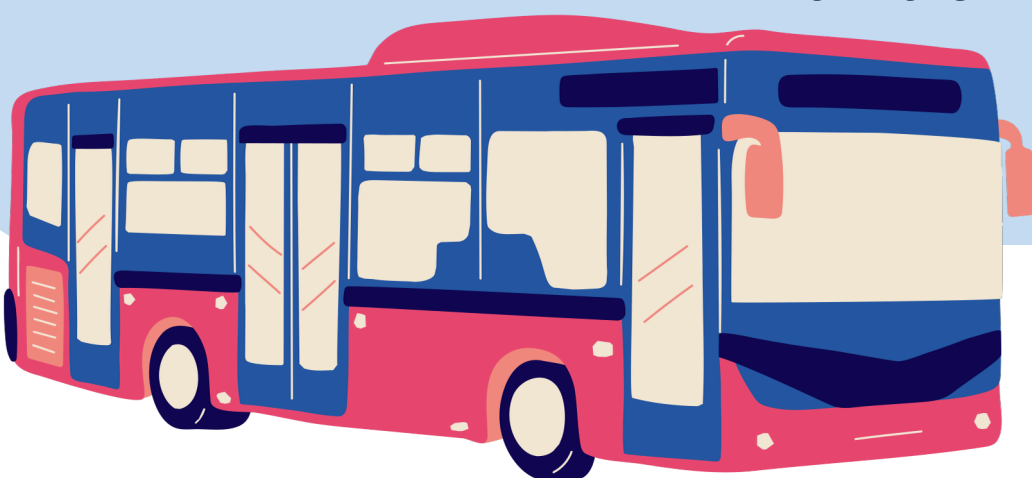

### What's involved?

A one-to-one interview online (about 35-45 minutes). We'll talk about made-up examples. You won't be asked about personal experiences.
