

## What To Do In An Emergency

- Try to remain calm, reassure others and think before acting
- Make sure 999 has been called if people are injured or if there is a threat to life
- Do not put yourself or others in danger and follow the advice of the emergency services
- Don't forget about your pets, their equipment and pet food.
- Have a prepared kit for when an incident occurs.
- When you are told that it is safe to return home, open windows to provide fresh air before arranging for gas, electricity and water supplies to be reconnected.

## Suggested Emergency Kit Checklist Items

- A **radio** with spare batteries or a wind up radio
- A **torch** with spare batteries or a wind up torch
- **sleeping bag / roll mat / duvet**
- **A First Aid kit**

## General Notes

# HOUSEHOLD Emergency LIFESAVING PLAN

In the event of a major incident, it may be some time before the emergency services can help you, making it important that you and your family make the best decisions and preparations to take care of yourselves.

# As an individual, household or family, agree on a plan in advance.

Complete the following and keep it safe should you need to use it.

## Where will I go if I am evacuated from my house?

## Where will we meet as a family if we are all evacuated?

## Who will pick the children up?

## Who will switch the Electricity, Gas and Water off before leaving?

## You should check your neighbours - they may need your help.
