

October 2020

PROGRAMME UPDATE

Keeping stakeholders, parents and carers informed about Dudley's Special Educational Needs and Disabilities (SEND) Improvement Programme

2. Update on Written Statement of Action (WSOA)

Although the impact of COVID-19 has delayed our delivery in all areas due to the unavailability and diversion of relevant staff in the LA, CCG, Public Health and Schools, good progress continues to be made in delivery of our commitments outlined in the WSoA.

Of the 132 actions and outcomes we have committed to deliver across the Dudley SEND System we have delivered 80, are currently working on a further 46 and we have 6 remaining to begin as they are due for delivery in Jan-March 2021.

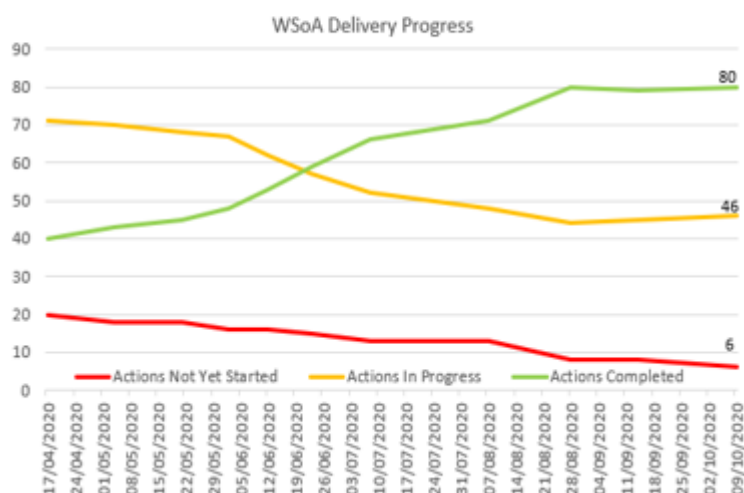

We have received some positive feedback from the recent DfE informal review of our progress in delivering the WSoA particularly in the commitment from all partners, the quality of work across the partnership and the robustness of the governance and oversight from senior management. The next informal review takes place on 19th November 2020.

From now until the end of December there are major initiatives that will be delivered and published including the Education inclusion and Joint Commissioning Strategies and the launch of the revised Local Offer with the latter as part of the revised Dudley Community Information Directory.

SEND Written Statement of Action Progress Status

Current Status Oct-2020
