

Co-Production Charter

“Co-production is working together as equals to make positive change”

Placing the child, young person and family at the centre of assessing needs and planning services.

The four cornerstones of Co-production

The values and commitments that form this charter have been co-produced by East Riding of Yorkshire Council (ERYC), East Riding of Yorkshire Clinical Commissioning Group (CCG), The Young Leaders of East Riding (T.Y.L.E.R) and East Yorkshire Parent Carer Forum (EYPCF).

Working together to ensure that children and young people with Special Educational Needs and Disabilities (SEND) and their families will play a central role in decision making and service development.
