

Dementia Awareness Online Training

This two half day training programme supports the learner to gain a good understanding of dementia and the changing brain; including person centred principles and communication approaches.

It aims to build on the skills and techniques that the learner has, and will be using, when supporting people with dementia and their families.

This facilitator led online course is open to all health, social care and wider public services staff in Gloucestershire, including the voluntary & independent sector, and people who are caring for a person with dementia.

This course is funded by the Dementia Education Strategy. This is provided free of charge.

The course runs over two half days and will be delivered via MS teams. This course is normally delivered face to face as the **One day dementia** training but due to current circumstances here is an opportunity to do the same course delivered live on-line.

Course dates

- 9th & 14th July 9.30am – 1.00pm
- 4th & 11th August 9.30am – 1.00pm

To book your place please contact Proud to Learn on:- proudtolearn@gloucestershire.gov.uk

If you have any queries please contact Nicky on 01452 324306.

Learning outcomes:-

- Describe dementia symptoms
- Describe the changing brain (plus memory)
- Understand the principles of person centred care
- Understand the factors that can influence communication and interactions
- Consider ways to support individuals with dementia to communicate and interact what to say & how to approach

The Dementia Training
& Education Strategy for Gloucestershire

Please note if you have previously attended the Dementia Training (formally one day) you do not need to attend these sessions
