

Tell us in person

Sometimes the best way to share your experience is just to talk to us.

We can't meet up with you at the moment, but you can still tell us your story in one of two ways:

A Focus Group—join with a small group on Zoom to share your experiences

An interview—have a private conversation with one of our interviewers.

Whichever way you want to talk to us, we will keep your experience anonymous.

What to expect

Focus groups take place on Zoom where you will have the opportunity to share your experience with us, in a group setting. We will ask that each person's story is kept anonymously.

Interviews can either be by telephone or Zoom and will allow you the opportunity to share your experience on a 1 to 1 basis with one of our interviewers.

What we will talk about

We will ask you key questions about your experiences before Coronavirus and then explore how life has changed since. We want to find out how accessing health and social care services has changed since the pandemic and what this has been like for you. We will also talk about how you have been managing your health and ask about isolation.

How to take part

To join a Focus group, please contact Suzie Compton, Engagement Officer at Suzie.Compton@healthwatchgloucestershire.co.uk

To arrange a telephone interview contact George Soars, Volunteer Officer at George.Soars@healthwatchgloucestershire.co.uk

Or call us on 0800 652 5193 or 01452 504989 and ask to speak to us.

Thank you for your talking to us. It is when people share their stories that we can really make a difference.
