Training and Development

Registered Charity Number 1171559

What we do:

- We are experts in training that raises awareness of disability, Autism and mental ill health.
- We tackle the issues people say are important to them.
- Our training is co-produced with people who have lived experience of disability, Autism or mental ill health. This is what sets us apart.
- Our training experiences have impact; we get people fully involved, challenge attitudes and change behaviour.
- We offer online and face to face training and you can book courses just for your organisation.
- We also create training that is unique to you.

Our aim is to improve inclusion, health and well-being, services and support for people with disabilities, mental ill health and Autism.
