

50/50 Challenge - EE&I - We NEED You!

Our 50:50 challenge is a new initiative we have launched to tackle the high number of people aged over 50 who are not engaged in employment. We are looking to arrange 50 hours of work experience for people aged 50 and over across Gloucestershire.

We now have over 50 participants signed up (with more coming through daily!) and we are reaching out to see **if you might have opportunities for them within your team?**

We're keeping things really simple and would love to know if you are open to taking part and the type of role you might be able to offer someone.

The opportunity can be an existing vacancy you've been looking to fill or could be carved specifically for the participant allowing you to almost "Try Before You Buy"...

We will only reach out (with EOI & CV) to you if someone expresses an interest in your opportunity and we can make the necessary arrangements for you to informally meet the participant at your convenience.

We will keep in touch with you during the placement to make sure everything runs smoothly, to support both you and the participant throughout.
