

HOSPICE LEADERSHIP AND MANAGEMENT DEVELOPMENT PROGRAMME

LAST FEW PLACES

In partnership with

The interactive online course delivers;

-  Practical hands-on skills to succeed in a supervisory, first-line manager or middle management role.
-  Skills to face workplace challenges, such as having difficult conversations, leading teams, and dealing with complexity.
-  Leadership strategies for driving organisational change and preparing for the future, while maintaining team performance.
-  The capability to maintain resilient teams within a resilient organisation

Delivered by an award winning Business & Coaching Psychologist and palliative care experts we understand the challenges faced in a hospice environment.
