10:00am – 16:00pm

**Virtual attendance through MS
Teams**

**For joining instructions – please
contact michelle.davies9@nhs.net**

A full programme is to follow

Further information

Greater Manchester and Eastern Cheshire are at the forefront of tackling health inequalities for our population.

We will be bringing colleagues together to hear about our approach, the opportunities we have moving forwards in light of the new ICS structure, how the SCN plays into this and what the National picture looks like.

You will also hear overviews on the work of individual workstream(s) (delivered via breakout sessions tbc).
