

Call for Sites – Suggest local land for potential future development

Do you own, or have an interest in land and/or buildings suitable for potential future development? **If so, Havant Borough Council would like to hear from you.**

The council is developing its **Building a Better Future Plan**. It will address the needs and opportunities for development in the borough by setting out where, how much and what type of development will take place. This call for sites is to inform and support this plan.

Land in your possession could be suitable for development in a variety of forms:

Residential use – providing housing to meet specific needs and requirements.

Commercial use – providing retail units to help local business thrive.

Industrial use – providing essential spaces within the borough for production.

Environmental use – providing green spaces to improve ecological diversity or mitigate against the impact of wider development.

Do you think you can help? If so, complete the relevant form to express interest.

Answer the borough's Call for Sites

To submit land for consideration, simply download the relevant form and email it once completed to planning.design@havant.gov.uk.

If you have any questions you'd like to talk through before submission, use the email above or call **023 9244 6539** during office hours.

Development call for sites
