

THE FELTHAM EARLY YEARS NETWORK

The Feltham Early Years Network is back and this year it is in person! Training will take place up on the top floor of **Reach Academy Feltham**.

This term we are focusing on the critical period of development, the first 1001 days.

SESSION 1: Early brain development // Oxford Brain Story

**Wednesday 11th October
4 pm - 5.30 pm**

Louise and Elizabeth will be introducing the Oxford Brain Story which shares the science of brain development; this is essential information for everybody to understand how our earliest experiences can affect our long term mental and physical health.

SESSION 2: Baby Room practice // Caroline Guard

**Wednesday 8th November
4 pm - 5.30 pm**

Caroline will be sharing her research on baby rooms with us. She will explore how we can increase our moments of connections with babies and also reflect on how we can listen to the voices of babies in our practice.

SESSION 3: What families need in the first 1001 days // Rebecca Leuw

**Wednesday 6th December
4pm-5:30pm**

As the 'Parent and Infant Mental Health Lead' for the Hounslow Family Hubs, Rebecca will be helping us to think about how we can best support families in this critical period of development.
