Hounslow Children's Therapies Service
Digital Referral Form

Dear colleague,

We would like to inform you that our Hounslow Children's Therapies Service will be using a [new digital referral form](#) for referrals into the service from **Monday 17 March 2025**.

The new template has been designed to improve the referral process which will ensure that children are seen in a timely manner by the right professionals/service.

This [digital form](#) is a combination of a multitude of templates previously used in Hounslow. All external referrers, such as SENCO, Hounslow schools, private therapists, school nurses, and health visitors will need to use this form to make referrals.

Please note that this is the only referral form we will accept moving forward.

It can be accessed by copying and pasting the link below into your web browser.

We have worked with more than 20 schools and 18 NHS professionals to test multiple versions of the form, and we are pleased to report that initial test results and feedback were positive. We know that there is always room for learning so please let us know if you encounter any issues or would like to share any feedback. We will conduct a review of the referral form over the next three months.

Sincerely,

Hounslow Children's Therapies Service
