

Dear Insolvency Practitioners,

The Insolvency Service have made a slight change to ISCIS Online to truly reflect the current service that is being offered. Prior to this change the following buttons were present 'Print all ticked statements' & 'Tick All'

This functionality has now been amended to 'Clear All' and 'Print Statement' (singular).

The reason for the change is down to the Insolvency Service modernising and upgrading the back-end infrastructure to supported versions of software and ensuring they are compliant from a security standpoint.
