

# In-Work Progression Focus Groups

Better Placed Partnership – the London Boroughs of Lambeth, Lewisham and Southwark

Lambeth, Lewisham and Southwark Councils are working together to improve the Employment and Skills services available to residents. We are interested in how people who are already in-work could be supported to make positive changes to their employment. There is some support out there at the moment, but we don't think it is enough.

There are lots of residents who would like to 'improve' their work. This can mean better pay, better hours, more secure work and lots of other things. But we also know that some residents find it hard to make the employment changes they want or are not sure how.

We are looking for residents who are currently working but want to progress in-work to join one of our focus groups so we can best understand what you need.

Focus groups last around 60 minutes. Participants will be provided a £10 Love2Shop high street voucher for their time.
