

29th April 2022

RESCHEDULED ROAD RESURFACING NOTIFICATION: CHARING CROSS ROAD AND DENMARK STREET

Dear Business / Resident,

Starting on Tuesday 3rd May 2022, we will be resurfacing Charing Cross Road between Denmark Street and Oxford Street. Weather permitting, that work should be completed by Saturday 7th May 2022, and we will then start in Denmark Street on Monday 9th May. We hope to have all the works complete on Tuesday 10th 2022. This is the resurfacing due to start at the end of April which had to be delayed due to a burst water main.

The initial works on Tuesday 3rd May will be setting out new road levels and, if possible, we will make a start on removing the existing road surface. We will not be working on Sundays. Noise and heavy vehicles moving around should be expected, with diversions for pedestrians and buses. Information at bus stops will be available on how to find the nearest bus stop during the works.

Working hours will be 8am – 6pm weekdays and 9am – 6pm on Saturday. The only work outside of these times will be maintenance of the diversion signs.

Road Closures

During the works Charing Cross Road will be closed from Cambridge Circus to New Oxford Street and northbound traffic will be diverted via Shaftesbury Avenue to Bloomsbury Street. Denmark Street will also be closed.

For local access and deliveries, Charing Cross Road will remain accessible between Cambridge Circus and Manette Street. Vehicles will be able to turn around and use Charing Cross Road southbound to exit via Cambridge Circus, but please note there is no left turn permitted from Charing Cross Road southbound into Shaftesbury Avenue. Alternatively, Phoenix Street/Stacey Street can be used as an exit.

There will be no access 24/7 between Manette Street and New Oxford Street throughout the works.

We apologise for the inconvenience that this work will cause. If you have any concerns during the works, would like to find out more on the project or have any questions you can contact us using the details on the right.
