

KICK-START

FREE ONLINE TRAINING EVENTS

Antz Junction present free online training events to support you, and your future development.

Kick-start Your Social Media for Work

An online session to support and guide your social media activities to support your job search delivered in partnership with City Folk Digital.

This training is for you if you are looking to improve your online job search skills including using social media to reach audiences you would not usually try.

By the end of the session:

You will be ready to build a professional and far-reaching profile on the Social Media platform of your choice - putting your best digital foot forward in the world of online job search and networking.

You will need internet access to participate in this training.
