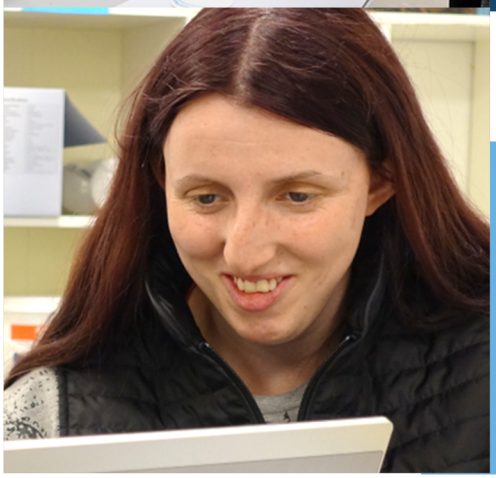
Hidden Talent Youth Panel



The Hidden Talent Youth Panel are a group of young people aged 18-25, who have experienced unemployment.

Between March and June 2021, the Youth Panel will be working on the following projects and we would love for you to get involved:

- Creating a campaign aimed at employers exploring barriers faced by young people seeking work
- Working closely with the Department of Work and Pensions and Job Centre Plus to help shape their new Stockport Youth Hub
- Designing a training package for employers that will help them understand how they can make applying for entry level jobs more accessible to young people

The Youth Panel meets on Fridays from 12.30pm to 2.30pm in Manchester City Centre. Travel will always be reimbursed and snacks are provided. All our activities are risk-assessed and covid-secure.

Once a month we will go on a Wellbeing Walk, so we will take our work outside and have a picnic and walk in a local park.

Want to get involved? Drop Quina a message! 07599827322, Quina.Chapman@gmyn.co.uk

"My confidence has increased. I used to be really quiet but now I talk more. I recommend joining the Youth Panel because you can make friends, meet new people and it gets you out the house." Sarah, Youth Panel Member
