+ Over 200 other great companies

Programme Support

On Generation programmes, you will receive the following support to ensure you feel ready to enter employment.

Mentoring: Receive one to one support from a qualified mentor to ensure any challenges are overcome and we help to build your confidence.

Career coaching: Gain key employability knowledge to aid your transition into employment after the programme.

Community: Be supported by a class of like minded peers and join a professional network of hundreds of alumni and students who work together to support each other's success.
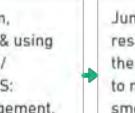

Stay connected: We want to keep in touch and give you the chance to share your experience with volunteering and social media opportunities after the course.

85% of graduates employed within 3 months

"Generation has changed my life"
Ovarro, Generation Graduate

84% Of employers say grads outperform their peers in the workplace

"My only regret is not knowing about Generation sooner"
-Prince, Generation Graduate
