

Apprenticeship Recruitment 2022

Apply to recruitment.central@Imtech.co.uk

We're looking for candidates with a minimum of:
Grade C or 4 or above Maths, English and Science
To live within a 10 mile radius of pick up location

We are recruiting in the following areas this year –
Nottingham, Birmingham, Newcastle, Torness,
Heysham, and Manchester – Work may involve
lodging across UK

As one of the UK's leading engineering services companies, we provide electrical and mechanical engineering services on major industrial, commercial and public sector new build and refurbishment projects. Our reputation for high quality work and first class performance has been established through longstanding relationships with major contractors across sectors. Substantial investment in training shapes our future and ensures we have a "home grown" workforce that is not only trained to industry standards but has a full understanding of our internal processes and procedures.

We are offering an award winning Industry Standard Apprenticeship Training Scheme. After a four year training period including block release or day release at college you will become an industry graded Electrical or Mechanical Plumber/Fitter, all funded by us.

As an apprentice you will be given a broad range of invaluable experience and knowledge on a variety of projects , including industrial and commercial projects on interesting and exciting buildings, including schools, stadiums, hospitals, warehouses, student accommodation prisons and some of the UKs most iconic projects.- CLOSING DATE 31ST MAY 2022
