

Community & Adult Learners Offer

Careers Hub Online Event Calendar Summer 2022

"Careers in the NHS"

18th May 4-5pm

There are over 350 careers to explore in the NHS. These include clinical and non-clinical roles, from wards to offices to labs. Some roles can be started at entry level and some require further training. With high career prospects and endless possibilities, the health and social care sector may be a great place for you to start or continue your career.

"Careers Insight: Social Care"

30th May 12-1pm + 30th August 4-5pm

If you would like to find out more about a career in Health and Social care then this session is for you.

This workshop will cover the vast range of roles available and how our "Step into Care" Program can help support your application into a role within the sector

"Transferable Skills Session"

7th June 12-1pm

If you have never worked in the NHS before, you may be overwhelmed by the jobs on offer and how your previous experiences match up. The NHS welcomes external candidates and often it is about showing how your previous experiences have given you transferable skills that match the job description. In this session, you will learn about common transferable skills and how you can apply them to your job applications for success in the NHS.

"Careers Insight: Nursing"

24th June 4-5pm

Are you familiar with the different types of nursing?

Or the different pathways you can choose to become a nurse? Come along to this event to learn about the nursing opportunities available in the NHS.

"Applying for a role in the NHS"

6th July 12-1pm

The NHS is a large organisation and the application process can sometimes be daunting. Come along to this session to hear our application and interview top tips as well as how to do the job search.

"Job search skills session"

22nd July 4-5pm

Whether you are looking to start your career in health and social care or make a change, this session will teach you all about how to complete a job search, where to find jobs and how to improve your employability. We will also look at how to make yourself more employable through volunteering, work experience, further training and pre-employment programmes.

"Careers Insight: Entry Level Roles"

1st August 12-1pm

Would you like to find out about the roles in health and social care that require little to no experience and few qualifications? Would you like to know the career progression for these roles and how you apply to them? Sign up to this session to learn more.

"Careers Insight: Non-clinical roles in the NHS"

18th August 4-5pm

There are over 500,000 non-clinical staff in the NHS which keep it functioning. These roles range from administration, recruitment, HR, project management and facilities management. We will explore these roles and how you can access them.
