

Qualification: Cyber Skills

Are your digital skills holding you back?

Do you want to protect your own security in the evolving digital world?

Our Cyber Skills course could be for you! If you already have IT skills and are looking to build upon these, this 5-week remote course taught by our Digital Skills expert is just what you need.

LEVEL 2

The course will introduce you to using search engines and social media platforms to find the information you're looking for, storing your data safely and minimising data breaches, and how you can use technology to communicate professionally.

WHAT YOU WILL LEARN

- How to protect devices and data
- Communicate socially and professionally using technology
- Apply digital skills in personal and business situations
- Use digital resources to facilitate your own career progression.
