# Generation

**Don't have a degree?** Don't worry we do not select on past educational background and our courses are designed for people without previous technology experience/education.

## **Supporting your success**

We can support learners in a number of ways, to help them get the best out of this course. We provide **free laptops and WiFi dongles** to anyone who needs them for up to six months after completion of the programme or until a job is secured (whichever is sooner).

## **What do our graduates think:**

*"Lack of a degree means nothing when taking part in a generation bootcamp. The generation bootcamp has changed my life completely, not only am I confident in a professional environment but I am also in a job I never thought I would be able to get into a few months ago."*

Ben - AWS re/Start  
August 2022

## **Who are we?**

Generation UK & Ireland is a charity, we offer free career-launching bootcamps to help anyone facing barriers to employment build thriving and sustainable careers.
