

UNDERSTANDING AUTISM

HIGHER LEVEL SKILLS

Increase and develop your understanding of children and young adults with autism with an industry accredited Level 3 certificate.

Our Level 3 Understanding Autism course is designed to help you develop and extend your overall knowledge of autism, to help you progress into further learning or employment within health and social care.

It's suitable for those seeking a career in childcare, teaching or family support, with a desire to understand more about supporting children with autism through their education.

As part of the course, you'll complete several units that cover a wide range of behavioural, developmental and safeguarding issues you may encounter when caring for children with autism and learn how to support them.

The course is delivered over 12.5 days in a virtual classroom, so you will need access to a laptop/computer with an internet connection to complete the course.
