

A 4-week programme delivered by Catch22 and funded by Shell, to support people facing barriers into jobs and apprenticeships that support the energy transition.

Participants should be:

- Aged 18+
- Have a broad interest in 'green jobs' / energy transition roles
- Facing one or more barriers to work
- Based in London, Liverpool, Manchester or Norfolk

Participants will receive:

- A 4-week programme, including core employability, employer expectations, industry insights and a chance to talk with professionals.
- A dedicated 1-2-1 Career Coach to support and mentor them into sustainable employment.
- Access to funding to gain a qualification within Energy Transition (limited spaces).
- Exclusive vacancies from within the sector
- 26 weeks of in-work support: includes travel and interview clothing support.
