Functional Skills Maths (Entry 1, 2, 3 and Level 1)

Completing a Functional Skills Maths course can enhance your employability and open up opportunities in various industries where basic mathematical competency is essential. The course will also help boost your confidence in handling mathematical tasks.

Overview

The course includes topics related to personal finance, such as life skills - a flexible approach to learning, building confidence with maths, understanding interest rates and calculating discounts, ultimately improving your financial literacy and helping you make informed financial decisions.

Entry Requirements

There are no entry requirements for this course. Prior to enrolment, you will complete an assessment, the outcome of the assessment will decide which level you will be enrolled on to.

Entry requirements:

- Must be aged 19+
- Must have a basic level of written and spoken English
- Right to Work Documentation required (including a passport/birth certificate/BRP Residency Card)
- Proof of address required (council tax, utility bill, benefits letter etc.)
- Must not have completed a Level 2 in Maths
