What are the benefits?

- Learn to communicate clearly and respectfully in care settings for efficient teamwork and high-quality care.
- Explore factors affecting mental well-being and learn strategies to promote positive mental health actively.
- Understand how to maintain mental well-being and prevent mental health challenges.
- Gain knowledge in common mental health problems and recognising symptoms in individuals.
- Learn empathetic support strategies for those facing mental health issues.
- Develop communication skills for effective interactions in care settings.
- Gain knowledge about learning disabilities and the challenges individuals with them face.

How will learning be assessed?

The qualification assessment revolves around the completion of a comprehensive portfolio of evidence to showcase understanding, competence and skills in practice. The portfolio may include assignments, workbooks, and documentation from onsite practical observations, allowing learners to demonstrate their evidence effectively.

What are the progression routes available?

On successful completion of this qualification, learners may wish to continue their development by undertaking one of the following qualifications:

- Highfield Level 3 Diploma in Care (RQF)
- Highfield Level 4 Certificate in Principles of Leadership and Management in Adult Care (RQF)
- Highfield Level 4 Diploma in Care (RQF)
