

# I ♥ #NAW2025 APPRENTICESHIPS

“It has been an absolute pleasure welcoming Millie to the team and working alongside her for the last 4 months. Millie has already become a valued member of the team and has consistently produced high quality work while building a strong network through supporting various events and meeting partners and stakeholders. Millie has also been proactive in identifying areas in which we can improve areas of how we work, which is exactly why we need apprentices and young people to join the council. I can’t wait to see what Millie achieves through the rest of her apprenticeship and beyond!”

**Millie engaging with children in what's MY JOB**

**Millie guest speaking at her directorate staff conference**
