

MadLab presents

# INTRODUCTION TO GAME DEVELOPMENT

Fancy learning more about game design?

If you're a Salford resident age 16-18 and not in education, a job, or training (or under 25 with an EHCP, or care-experienced) then we've got the course for you.

This is not school ICT lessons. Rather, it's an introduction to the core skills needed to create your own computer games.

At the end, you'll receive a certificate of completion, help with your CV, and job searching (in any industry).

This is a whole course, so you're signing up for onboarding (11th April) and then five workshops (held every Friday from the 25th April).

## INFO AFTERNOONS

Meet the team, find out more, and sign-up. No need to book, just drop in. If you want to take things further, you'll be able to sign up on the day (or after).

**Friday 28th March, 1-3pm**

Pendleton Gateway  
1 Broadwalk, Salford M6 5FX

**Friday 4th April, 1-3pm**

Peel Green House  
696 Liverpool Road, Eccles M30 7LP

## ONBOARDING

We'll help you get set up, and make sure you have all of the kit you need.
