Urooj Arsalan - Offered roles at MAG and Skytanking

How did the course help you to get the job?

“Before attending the course I was unemployed, but the training I received provided a significant turning point in my career journey. Through the course, I had the opportunity to engage in mock interviews which allowed me to practice and improve my interview skills in a supportive environment. This mock interview helped build my confidence and prepared me for real-world situations.”

What skills did the course give you?

“I found this course both informative and practical. It provided me with a broader understanding of the aviation sector, and the employability skills I gained are invaluable for my future career. The training courses gave me the confidence to work in the aviation industry and will give me new opportunities in work. It was great fun, and I was glad for the help and assistance around updating my CV and interview questions. I feel I have had a real confidence boost and I am motivated to seek new job opportunities.”

What did you enjoy the most about the course and would you recommend this course to others?

“I would recommend this course to anyone, as it has boosted my confidence. I am so proud I attended.”
