

Fast-track a career in digital with the

DIGITAL SKILLS ACADEMY

Boost your confidence and take your first step into the digital world with the **ETCAL Level 1 Certificate in Introduction to Digital Skills** — a supportive, hands-on course designed for beginners who want to improve their digital abilities for everyday life, work or further study. You'll learn how to use smartphones, tablets and computers, stay safe online, navigate the internet, send and manage emails, use apps and settings, and build practical digital skills that help you feel more confident and capable. This course is perfect if you want to improve your job prospects, build confidence with technology or return to learning after a break. It's the ideal way to start your digital journey and gain essential skills for modern life.
