

# NOTTINGHAM LIGHT NIGHT 8 FEB 2019

Take an orbital journey across your city on a dark February night. From Sneinton Market, the Lace Market and Hockley to Old Market Square, Trinity Square and the Castle area discover the magic of Light Night with striking light installations, exciting performances and enjoyable opportunities to take part, inspired by the 50th anniversary of the Apollo Landing and the first man on the moon.

Don't miss *Museum of the Moon*, a touring work by UK artist Luke Jerram. Measuring seven metres in diameter, the moon features detailed NASA imagery of the lunar surface, located at the Royal Concert Hall.

Keep your eyes peeled for the It's in Nottingham ambassadors, who you will find in each of our zones giving away glow sticks and vouchers for free hot and soft drinks.
