

## Recommended Routes/Services – FA Cup Final 2024

### Manchester United

- M6/M42/M40 – 203 miles - Route 2 – Preferred

### Manchester City

- M62/M1 – 247 miles - Route 4 – Preferred

Whilst this is the preferred route, and the one we would request is encouraged for use by MCFC, it is accepted that other than official coaches, MCFC fans may opt against use of this route due to the extra distance it adds on to the journey.

As such it is highly likely the vast majority of Manchester City fans will use routes 1 and 3. Should this occur, Club specific service stations have been allocated on the below table.

- M6/M1 – 199 miles - Route 1
- M6/M6 Toll/M1 – 199 miles - Route 3

### Advisory Service Stations
