

Preparing for Adulthood:

Creating and delivering Preparing for Adulthood outcomes that support learners with SEND to have positive lives.

27th November 2023 2-4pm

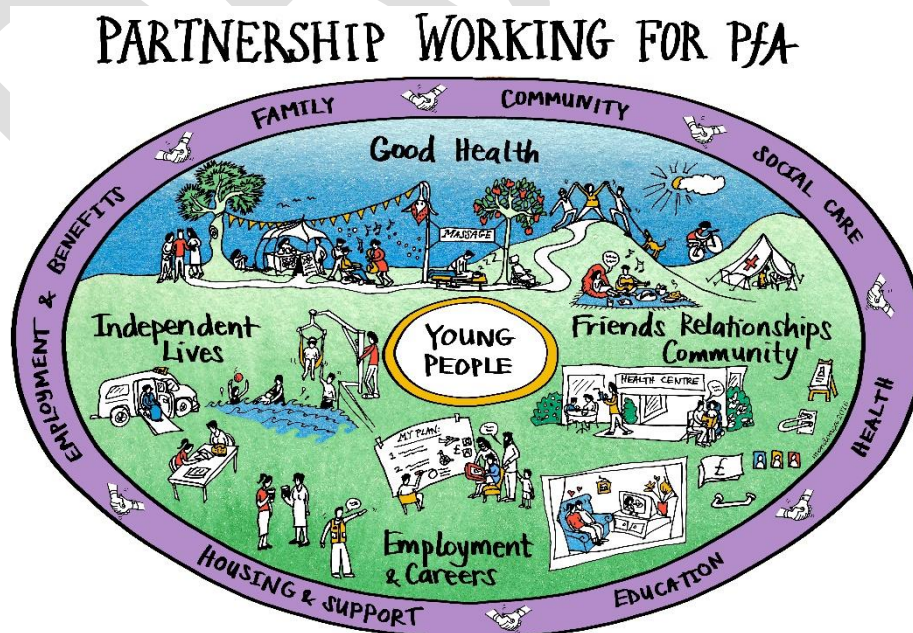

An online session (Microsoft Teams)

This training is for all professionals in Hampshire, Isle of Wight, Portsmouth and Southampton, involved in the creation and delivery of Preparing for Adulthood (PfA) outcomes for young people with Education, Health and Care Plans from Year 9. This includes schools, colleges, education providers, SEN teams, social care, health and therapy staff.

Learning outcomes:

- Participants will have a greater understanding of PfA reviews from Year 9 and how to create and deliver successful outcomes.
- Participants will have the opportunity to explore best practice and current tools and resources to support planning.
- Participants will have a deeper understanding of the Preparing for Adulthood outcomes and the pathways to employment, friends, relationships and community connection, health and independent living, with a focus on employment pathways.
- Participants will explore the impacts and opportunities for greater partnerships working across the area to improve outcomes for young people.
