

**Do you want to develop your pupils skills, boost their employment prospects and help them learn how to be better student leaders?**

The City of Portsmouth College Student Leadership Network is an opportunity for aspirational leaders in Year 8 and current head students/student leaders in Years 10/11 from Portsmouth schools. They will have access to both local and global specialist leadership development workshops and resources. This exclusive opportunity gives these young people a chance to connect with other head students and students leaders from across the city. The Network includes a series of in-person events hosted by Unloc and City of Portsmouth College at **Changemaker Studios, PO1 2AB.**
