

# “Portsmouth: The Digital City”

## Outreach Programme

Now that the PEIA project has ended, we are looking to work with early years settings, schools and colleges outside of Portsea Island, especially:

- Purbrook
- Crookhorn
- Waterlooville
- Havant
- Bedhampton
- Cowplain
- Horndean
- Gosport
- Fareham

“

**“This isn’t a project—it’s a movement. One city, one digital vision.”**

”

We are able to offer:

- Ways to save money on technology and digital solutions
- Tools to reduce staff workload
- Knowledge on how to improve digital learning for children
- Support with making learning more accessible and inclusive for all
- A platform and network to collaborate and drive digital transformation in education

To find out more or join our movement, email Gemma
