
Relational and Restorative Practice in Schools

The Summit Series 2026

The Summit Series 2026 is a continuation of the popular sessions from 2025 - created in consultation with colleagues in schools to support the embedding and development of Relational and Restorative Practice.

Each term there will be one 'themed' based session (with contributions from colleagues who are leading in that themed area) and one development/Action Learning session. **Any colleagues from schools are welcome at one or all of the sessions as meets need.**

Please circulate to/identify appropriate staff and encourage them to book their place(s) and/or be added to the reminder emails for the sessions.
