

NASALIVE

Join us for an Afternoon with Artemis
Friday 11 September, 2pm
Online

Get behind the scenes of the Artemis mission with NASA's Orion spacecraft engineers Howard Hu and Branelle Rodriguez.

Broadcast live from Imperial Space School in London, don't miss this very special opportunity to meet the engineers behind the Artemis. Discover their story, ask your questions and find out what is next as they work towards moon landing.

This one-hour session is open to schools across the UK and is suitable for ages 8-18.

Secure a place for your class now by registering via the link below:
