Integrated care systems (ICSs)

Key planning and partnership bodies from July 2022

NHS England

Performance manages and supports the NHS bodies working with and through the ICS

Care Quality Commission

Independently reviews and rates the ICS

Statutory ICS

Integrated care board (ICB)

Membership: independent chair; non-executive directors; members selected from nominations made by NHS trusts/foundation trusts, local authorities, general practice; an individual with expertise and knowledge of mental illness

Role: allocates NHS budget and commissions services; produces five-year system plan for health services

Integrated care partnership (ICP)

Membership: representatives from local authorities, ICB, Healthwatch and other partners

Role: planning to meet wider health, public health and social care needs; develops and leads integrated care strategy but does not commission services

ICS structure from 1/7/22

Integrated Care Boards

- ▶ Integrated care board (ICBs):
- ▶ NHS planning functions previously held by clinical commissioning groups (CCGs)
- ▶ ICB led by a chair and chief executive, NHS trusts/foundation trusts, Local Authorities, and general practice
- ▶ the ICB will produce a five-year plan for how NHS services will be delivered to meet local needs, informed by the ICP's integrated care strategy and the health and wellbeing strategy must outline how it will ensure public involvement and consultation.
- ▶ ICBs will also contract with providers to deliver NHS services and will be able to delegate some funding to place level to support joint planning of some NHS and council-led services.

KINGS Fund

Integrated Care Partnerships

- ▶ Integrated care partnerships (ICPs) will bring together the NHS and Local Authorities as equal partners to focus more widely on health, public health and social care.
- ▶ ICPs will include representatives from the ICB, the local authorities within their area and other partners such as NHS providers, public health, social care, housing services, and voluntary, community and social enterprise (VCSE) organisations.
- ▶ The ICP will develop an integrated care strategy, which sets out how the wider health needs of the local population will be met.
- ▶ In developing its integrated care strategy, the ICP must involve the local Healthwatch, the VCSE sector, and people and communities living in the area. ICPs will not directly commission services.

So what does
this mean for
Portsmouth?

Place based arrangements

- ▶ We keep working with a local NHS 'Place Director' and NHS colleagues.
- ▶ Our Joint Commissioning Board* as the basis for a wider Portsmouth Health and Care Partnership, to ensure that all key local partners are represented in strategic planning for the city
- ▶ Our integrated relationships stay the same, supported by joint legal arrangements.

* To become Portsmouth Health & Care Partnership Board

The future

1

We keep working to integrate health & care in Portsmouth so that our residents have the best access to support that they need.
